Department of Mathematics and Statistics, Georgia State University

Research Interest

Extremal Graph Theory, Extremal Combinatorics

Education

2023 – Current **Georgia State University**
Ph.D. student in Mathematics
Advisor: Yi Zhao

2020 – 2023 **Shandong University**
M.S. in Financial Mathematics and Financial Engineering
Supervisor: Hanchao Wang
Co-supervisor: Guanghui Wang

2013 – 2018 **Peking University**
B.S. in Statistics

Papers published

Balanced subdivisions of cliques in graphs
Bingyu Luan, Yantao Tang, Guanghui Wang and Donglei Yang
Combinatorica
arXiv:2204.12012, 18 pages

Papers submitted

On powers of Hamilton cycles in Ramsey-Turán Theory
Ming Chen, Jie Han, Yantao Tang and Donglei Yang
arXiv:2305.17360, 19 pages

Talk

July 2021 Clique immersions in random graphs
Combinatorics and Graph Theory Seminar 2021, Jinan, China

Honors

2021 Academic Scholarship, Shandong University

2013 Chinese Mathematical Olympiad, Gold Medal
